## SUBJECT OF THE MEETING / AGENDA

The second Transnational Project Meeting was the first coordination meeting that took place in presence due to Covid-19 pandemic emergency restrictions.

The TPM2 aimed to finalise the research part and to push the IO2 production together with the discussion of contents of the toolkit and the mix of theoretical and practical activities.

IO1 Research on Youngsters Entrepreneurship Role Modeling was presented and revised together by the representatives of the Belikeyou partnership.

IO2 Toolkit on Entrepreneurial Storytelling has been discussed and steps for development have been set up.

C1 International Training for Staff on Entrepreneurial Storytelling have been discussed and organizative aspects have been detailed and presented by Integra.

The partnership worked together for an Interim Report to NA.

Issues regarding project management, quality and dissemination issues were discussed.

## DEVELOPMENT OF THE TOPICS UNDER DISCUSSION

### DAY 1

On 2nd September the partners involved in the second Transnational meeting of the project BELIKEYOU, met in Poznań, Poland at 09.00.

The meeting lasted 2 days and was attended by representatives of all the organizations involved in the project.

When all partners were present, Dariusz Janiec, as a host from Fundacja Jeden Uniwersytet started the meeting with a welcome session, and expressed the full availability of all collaborators of the institution, specifically in reference to any possible difficulties and requests that the participants may have or feel.

Luca Taddei, representing ARTES leading partner of the project, gave a short description of the state of the project and of the activities after one year of work of the partnership.

First moment of the meeting was a discussion on the aims and objectives of the next steps of the project.

COLEGIUL ECONOMIC ION GHICA has presented the results of the IO1 research.

The partners decided to standardize the diagrams and charts. A pattern has been adopted for individual types of charts: Two-dimensional, single-color column chart including the design color, unified font for both the legend, the chart description and the description of the individual axes 3D Pie Chart, unified font for legend, chart description and axis description.

There was a lunch break from 13.00 to 14.00 Polish time.

The partners agreed on a training plan for each country individually, and presented different ways to realise it.

Specifically, Integra proposed to divide the students in 3 groups, so each group would create an animated video about a heritage entrepreneur, a video about a startup entrepreneur, a video about a senior entrepreneur, and they would disseminate them on social media. In total, 9 videos. However, this proposal has yet to be discussed with the school and the students, and it could change depending on the ability of the trainers to adapt to the school and students situation in order to achieve the best results.

Also a partner from Poland, the Fundacja Jeden Uniwersytet, plans to divide the participants into teams of about 5 people, the participants of which will have the task of going through the entire training path and preparing all materials, including the creation of a campaign in social media. Each team will prepare an animated video about a heritage entrepreneur, a video about a startup entrepreneur, a video about a senior entrepreneur. The amount of materials under national activities will depend on the number of teams. To increase the involvement of participants, a competition with prizes will be announced.

Latvian partner suggest to make separate training activity for students who will create video and separate group who will create animation and also social group integrate in video and animation creating groups.

After break Luca Taddei presented the toolkit of Entrepreneurial Storytelling, and Integra as a host of C1 presented plans and information about International Training for Staff on Entrepreneurial Storytelling.

Day 1 finished at 18.00 Polish time.

## **DAY 2**

On 3rd September the partners involved in the first Transnational meeting of the project BELIKEYOU, met in Poznań, Poland at 09.00.

ARTES as coordinator made a recap of the decision taken during the first day of meeting and next steps of the project.

The partnership worked together on some issues regarding the Interim Report to NA and Project financial management updates were discussed together. .

Discussion on Dissemination was guided by the Coordinator and Fundacja Jeden Uniwersytet leading partner for dissemination:

- The activities to date as well as the quantitative and qualitative effects of the actions taken were presented (how many people are already following us in social media)
- The structure of the declared origin of people following project activities in social media (here you can cite specific numbers from individual countries)
- What actions can we take to increase the range
- Actions to be taken to fulfill the plan adopted at the beginning.

Finally, a quality study prepared by the Partner from Greece took place.

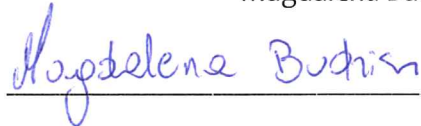

Day 2 finished at 13.00 Polish time.

**WHO IS DOING WHAT?**

- Integra will prepare final charts with results of IO1 Research
- 4 EPAL KAVALAS will prepare, with the help of all the partnership, quality checks for IOs and quality tools for C1 International Training in Spain
- Fundacja Jeden Uniwersytet will prepare the Storytelling module for C1 Training
- ARTES will finalise IO1 documents in order to publish it and to start dissemination of the final contents.

The Secretary of 2nd Transnational Project Meeting

Magdalena Budzisz
